"Theodora Golf Club is the perfect partner for us. The events and competitions we developed together rose to the highest level. Their professional approach on every project and the warmth of their welcome every time we meet, have induced us with a certain good addiction. We are glad that every time we return to this location, we feel as if we were coming back to our second home".

Sebastian Sabo, Marketing Manager Autoworld

„For 3 years now, I've been organizing my "Ladies, Gentlemen and Golf" tournament at Theodora Golf Club. When the two parties - the organizer and the venue - team up, the result is always an exceptional event. Three days, three game formats, notable partner brands, good food, fine drinks, players in love with golf and with this unique combination of sports and culinary art. We were able to put these all together because Theodora Golf Club owns the perfectly designed golf course for such a tournament and because it has the necessary infrastructure to create unforgettable evenings".

Daniela Sima, Managing Director S1MA Training, Consulting&Events
